

Add peace of mind to your packing list.

Prevent unwanted lice infestations the non-toxic way with Mayday's daily-use shampoo and conditioner.

Shop Mayday

Dear Chestnut Lake Camp Families,

We are excited to announce our partnership with [Mayday](#), a trusted brand dedicated to keeping children safe from the sun, ticks, and head lice throughout the upcoming camp season. After research and collaboration with Mayday's founders, we are confident in the effectiveness of their products and are pleased to offer them to our camp community.

The Mayday "Camper Bundle" includes:

- Mineral-Based Sunscreen
- DEET-Free Insect Repellent
- Lice Prevention Shampoo & Lice Fighting Conditioner

We especially want to highlight Mayday's **Lice Prevention Shampoo**, which has been independently proven to eliminate 99% of head lice naturally, without toxins or pesticides. This shampoo and conditioner duo can be used before, during, and after camp to help maintain a lice-free environment. While Chestnut Lake will continue to implement rigorous screening and preventative measures, your support at home can make a big difference in reducing the chances of lice cases this summer.
