Playlist and podcasts
without screen time
or internet connection

Spotify

amazon music

Bluetooth
& wired
headphones

8+ battery life

Holds 1,000+
songs

Drop &
water
resistant

Parents Pick the Playlists

Kids control what is playing, parents choose what's on the playlists. Sync your kids favorite Spotify or Amazon Music Unlimited playlists at home, then take them offline. Mighty will need to reconnect to your paid music service via the Mighty App every 30 days to verify account status.

Music & Audiobooks, Without a Screen or WiFi

When it's time for a little down time, nothing hits the spot like music or an audiobook. Mighty allows kids to hear familiar songs or stories without a screen or WiFi connection.
